

GAME COMPLETE!

Your total score is **higher** than the Vietnamese average of 47.36 points

Stats Analysis

Net worth

67

You choose a safe strategy, which is not bad, but may be a little too cautious. Shall we make some smarter risk-taking decisions in real life?

Well-being

36

I will hold your hand when I say this. Your current mental and physical health is so fragile, which is bad for your life. Let's log off and touch some grass.

Balanced Achiever

Finance-led

Imbalanced

- **Struggle mode:** Your wallet is empty, your stress bar is full, and life keeps throwing random events like it has a personal problem with you. At this point, making it to next month deserves its own achievement badge.
- **Finance-led:** Congratulations! Your bank account is glowing. Good, because now, you can use that money to pay your hospital bill due to overwork.
- **Imbalanced:** Physically, your body is built to survive the zombie apocalypse, but emotionally, you are one bad day away from joining the zombies voluntarily.
